### OBJECTIVES AND INVESTMENT POLICY

#### Investment Objective Policy and Strategy

The Sub-Fund intends to achieve capital appreciation with a controlled level of risk by primarily offering an exposure to undervalued or overvalued equities and equity related securities of companies worldwide.

The Sub-Fund has a Multi-Thematic Long/Short equity strategy. It invests in growing themes by buying companies globally. The Sub-Fund will use derivative instruments such as Contracts for Difference (CFD) or Total Return Swaps (TRS). The derivative instruments will be generally used to gain a short exposure to certain equities or equity related securities while the long exposure will be achieved through direct investment in the targeted securities.

The Investment Manager will identify core themes that he considers offer attractive long-term investment opportunities to shareholders. The themes will change from time to time

The Sub-Fund will mainly have exposure:

- directly in the above-mentioned securities; and/or
- in undertakings for collective investment having as main objective to invest or grant an exposure to the above-mentioned asset classes (up to 10% of the Sub-Fund's net assets); and/or
- in financial derivative instruments having as underlying or offering an exposure (short or long) to the above-mentioned securities. The Sub-Fund may, as a temporary defensive stance, hold, up to 100% of its net assets, liquidities as among others cash deposits, money market UCIs and money market instruments.

The Sub-Fund may invest up to 10% of its net assets in structured products.

In case of opportunities, the Sub-Fund may invest up to 50% of its net assets in emerging countries.
