

PORTRAIT

Jean-Marc Gavillet

Director of Wealth Management

Participating in an exciting entrepreneurial adventure has always been a dream.

I take great satisfaction in fully taking charge of my professional life, developing my vision of the wealth management profession, and building quality relationships with my private clients.

A QUICK BACKGROUND

I have deliberately explored various professional fields, which has allowed me to build a career rich in experiences.

I WORKED AT

- Piguet Galland Bank
- Frank Galland Bank
- Ferrari and Maserati Group
- Nokia
- Alcatel Cable
- Development aid project in Indonesia

MY PASSIONS

I enjoy giving a new life to old objects, whether they are decorative, on two or four wheels, or on the water.

WHAT I'M PROUD OF

Together with my wife and our three children, we spent ten years renovating our 16th-century house.

I am proud to have a wonderful and healthy family. They are my foundation and my source of energy.

FUN FACTS

1

WORK HARD - PLAY HARD

This philosophy has allowed us to carry out large-scale projects in a stimulating and supportive environment.

2

THINK OUTSIDE THE BOX

My engineering background and curiosity have taught me to approach a problem from all angles to find innovative solutions.

3

SOCIAL MEDIA

I am not a fan of social media at all. I prefer real social interactions that strengthen human connections and create lasting memories.
