FUN FACTS

DIVING

1

A little over three years ago, I founded a diving center in Valais with two partners. This wonderful adventure lets us meet many people, travel, and enjoy unforgettable moments. It involves a lot of work, but the satisfaction I get from it is well worth the effort.

MOTOCYCLING

2

As a motorcycle enthusiast, I had the pleasure of riding through the Swiss roads in convoys with fellow motorcyclists. These unique opportunities allowed me to escape and discover the unfolding landscapes.
